REACH Policy Statement

Under the REACH Directive, Aerco does not manufacture, import, or distribute substances or preparations and therefore has no obligations to pre-register substances in this area.

Aerco is a Producer / Importer of articles. None of the articles supplied by Aerco intentionally release substances and Aerco does not import any substances into the EU / UK at levels of 1 tonne or more per annum. Pre-registration is therefore not required.

Aerco is a Downstream User of substances, preparations, and articles.

As a Distributor of electrical and electronic equipment Aerco obtain statements from the Original Equipment / Component Manufacturers concerning their products' conformance to REACH. This information is to the best of Aerco's knowledge at that point of time; where Aerco cannot determine the REACH status, it shall be marked as "REACH Unknown – Check With Manufacturer".

Aerco are unable to complete individual questionnaires, spreadsheets and declarations of material composition although will supply copies manufacturers statements it holds upon request. The REACH status is identified on Aerco's Certificate of Conformity / Advice Note.
